

Concrete Hoppers

Concrete Hoppers - This particular accessory is a self-dumping hopper which automatically sets off to dump as soon as bumper release touches the side of a dumpster. Once unloading is completed, the hopper returns to an upright and locked position. This particular piece of equipment is also existing with a cable that allows operation from the seat of the forklift to be able to have the alternative of manually dumping the hopper. There is a locking chain provided in order to lock the hopper to the fork truck. This product is constructed with reliable and consistent robotic welds for maximum strength. The lift truck dumping hopper also has a blue powder coat finish to be able to maintain durability.
